

# **ANTI PSYCHIATRY**

## **TRAINING 5**

### **HOLY DOCTRINE**

#### **THE PURPOSE OF LIFE**

The purpose of life is to prepare to return to GOD. There is no other purpose.

#### **THE CALL OF GOD**

People who become awakened to the fact that there is more to life than physical reality have received the call from GOD that the time has come to return to HIM. These awakenings take many forms. They could be vivid dreams where you recall interacting with beings not of this earth. You could begin to see auras - areas of colors surrounding other people and living creatures - that most people cannot see. You may see and/or hear someone who lives in another dimension who is invisible to others. Ideally, you will begin to journey outside of your physical body and visit other dimensions.

Any one of these experiences will cause you to be labeled schizophrenic and you will be attacked by psychiatrists if you are detected.

Many people are fortunate to be born into a family which is aware of the other realities. If this should be your good fortune, you will be sheltered and protected. You will learn who can be trusted and who cannot.

However, many other people are not so lucky. People who see auras, for example, naturally assume that everyone can see them just as they would assume that everyone sees ordinary physical things. Unfortunately, this is not true. Making the innocent mistake of talking about this could mean your death at the hands of psychiatrists.

#### **THE CLASSIC ROLE OF SATAN**

Classically, Satan is the natural enemy of GOD. Since GOD wants HIS children to come home to HIM, Satan does his best to make sure this does not happen.

Satan takes many forms. There is no picture of what Satan looks like just as there is no picture of GOD. However, there is an old saying that goes like this: "If it quacks like a duck and walks like a duck, then

it is a duck." So, when someone exhibits the attributes of Satan, no matter in what form they may appear, they are Satan or more likely an agent of Satan.

## **SATAN IN DISGUISE**

Satan takes many forms and these forms are never obvious. You need a certain level of awareness to recognize them. Because of the vast amount of information available on the internet, the task of "connecting all the dots" to come up with a true picture of the forces which dominate this world has become easier. You should realize that, unfortunately, this world is dominated by Satan and his minions. True seekers of GOD are in the minority.

## **SPIRITUAL CRIMES**

A Spiritual crime is any act which has the effect of preventing or otherwise interfering with a person's right to return to GOD. To return to god is the only purpose of human life.

## **SPIRITUAL CRIMES OF PSYCHIATRY**

The conventional practice of psychiatry is a Spiritual crime. Psychiatrists routinely attack anyone who shows any signs Spiritual development which prepares one to return to GOD. Such natural steps include such things as clairvoyance, clairaudience, psychic abilities and Astral projection. Psychiatrists have their own scientific atheist names for these things and consider all of them to be "illnesses". For example, Astral projection is called the illness of "disassociation". Psychiatrists attack anyone showing signs of Spiritual development with sophisticated poisons designed to disrupt normal brain functions and destroy the natural states of balance which foster Spiritual experiences. Psychiatrists are agents of Satan and enemies of GOD and, therefore, do not have the right to exist.
